

MA EXPANSION - HEALTHY PLUS FLYER 11/6/14

**ALL PEOPLE LIVING WITH HIV/AIDS SHOULD BE ENROLLED
IN THE *HEALTHY PLUS* BENEFITS PACKAGE**

Changes are coming to Medicaid beginning January 1, 2015. All adult enrollees will be assigned to one of three benefits packages. The three benefits packages are *Healthy*, *Healthy Plus*, and *Healthy PA PCO*. All three packages provide *less* coverage than currently available to most MA enrollees.

You should be receiving a letter from DPW within the next week assigning you to a benefits package. Be on the look-out for a letter from DPW. **All people living with HIV or AIDS should be assigned to the *Healthy Plus* package.**

If you have been assigned to anything other than the *Healthy Plus* benefits package, you must take immediate action. To switch to *Healthy Plus*, you must complete a health screening questionnaire by **November 26**. These questionnaires are expected to be available on Compass or by phone at 1-844-290-3448. The questionnaires will NOT be available at County Assistance Offices. They will only be available online or by phone.
