

ACKNOWLEDGEMENTS

We proudly present the 2020 edition of the AIDS Law Project of Pennsylvania's Public Benefits and HIV Advocacy Manual.

This update represents the conscientious work of: former staff attorney Asha Ramachandran, and these current staffers: Juan Baez, Jacob Eden, Ronda B. Goldfein, Zeke Harrington, Yolanda French Lollis, Adrian Lowe, and Jeni Wright; and consultant Robert Levesque. We're grateful for the valuable input and expertise of our colleagues at Community Legal Services of Philadelphia, the Pennsylvania Health Law Project, and the Institutional Law Project.

Thanks to the AIDS Activities Coordinating Office of the Philadelphia Department of Public Health for the financial support for this publication.

DEDICATION

This manual is dedicated to our clients, whose strength and courage have contributed to our understanding of the challenges of navigating the world of public benefits.
